MEMORANDUM FOR RECORD

SUBJECT: Historical Documentation on CIA's relationships with other U.S. Agencies [redacted] 1954, as illustrated in CIA's "Subject File," 1954

25X1C

1. Among the approximately 215 folders of correspondence, minutes, and reports that make up the OER/AD's "Subject File" for 1954 (8 linear feet in bulk; retired to the Records Center as job no. 57-216, in Nov. 1956), the following 13 items seem to be of special interest to the history of CIA's relationships with other agencies, in the U.S. and in the U.K., between 1953 and 1956:

Appropriations - 3
Collection - 3
Committees - 7-1
Committees - 7

2. For further details about this "Subject File" as a whole, consult the complete shelf list for that file (filed in HS working files under "OER"), from which the above folder titles were selected.

3. In addition to the above 1954 file, it is also highly likely that the 1953, the 1955, and the 1956 "Subject Files" of OER each contain comparable correspondence (by OER) with the above agencies or about them. Similarly, it is likely that comparable inter-agency historical material is on file in the correspondence files of ONE, OCI, OBI, OSI, OO, and OCD/OER, respectively, for the years 1953-56.
